The Waltham Farmers' Market has been an important part of the downtown community for over 25 years, with more than 1,000 people coming out to the market each Saturday from June to November to buy the freshest produce, fish, meat, bread, pastries, and local handmade crafts. For many it's more than just shopping — it's a place to meet up with friends each week. While the Market is self-sustaining through many hours of volunteer work, tent fees, and the City's generosity in providing us space to hold the Market, we also offer special projects to promote a vibrant and welcoming downtown experience.

In our SNAP matching program, we match up to \$10 of the amount of SNAP dollars (previously called "food stamps") a customer uses each week to purchase eligible food products at the Market. We are looking for community partners to help sponsor these programs.

The concert sponsorship is \$300, which includes a mention in our weekly email blasts, on our website, and will be acknowledged at the beginning of each concert. We will gladly accept any donation to the SNAP match program; \$100 and above will list you on our SNAP donor list on all publicity.

For more information about our programs, or to donate online, please visit our website at walthamfarmersmarket.org, or contact me with any questions.

Thank you for your consideration, and we hope to see you at the market!
