

# Reminders for Vendor Market Staff

## Take Your Trash Away

We do not have trash pickup at this site, nor cleaning services. You must take your trash and leave your space in broom-clean condition.

## Tent Weights

This tent flew into the river on a sunny day. Tiny donut weights are not enough to handle New England wind.

We recommend weights that are attached tightly to the posts. DIY something cool, or buy ones like [these at Amazon.](#)

## Open Until 2:00

When a vendor closes up early, people think the market is over. Vendors are required to stay with their tent, and keep the display set up until 2pm. If you're sold out, that's great! You can take pre-orders or do some market research. Please do not give customers the sense that they're too late to shop.

## Notify Us

If you can't make it on any of your scheduled days, you must inform the Market Manager by Friday by email at [manager@walthamfarmersmarket.org](mailto:manager@walthamfarmersmarket.org).

If a problem arises on Saturday morning, call or text (413) 224-8474 as soon as you know.

Absences without proper notice will result in a \$50 charge. Vendors must pay any absence charge before resuming Market sales. Absences negatively affect the market and may result in loss of selling privileges.

## Where to Park

Exit the market turning RIGHT onto Lexington St, then LEFT onto Pond St. You can park in the large lot behind St. Mary's. Use the second entrance, and park along Pond St.

Display your 2024 WFM vendor pass on your dashboard.

## No Smoking

We do not allow smoking in the market.
